INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY CO., INC., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1952 edition of the Concord City Directory, which also includes Brown Mill, Cannon Mill, Franklin Mill, Hartsell Mill, Jackson Park, Shankletown, Sidestown, Silver Hill, and the rural routes emanating from the Concord Post Office.

Confidence in the growth of Concord's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Concord to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Concord Directory will fulfill its mission as a source of authentic information pertaining to the community.

Six Major Departments

The six major departments are arranged in the following order:—

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the first major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Concord and vicinity, and the name, official personnel, nature and address of each firm and corporation. A special feature of this section is the designation of the number of children under Directory-listing age in each household.

THE BUYERS' GUIDE, the second major department, printed on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Concord and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Concord, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is the third major department, printed on yellow paper. This department lists the names of all business and professional concerns of the whole community in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through

any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, is the fourth major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

THE CONCORD RURAL ROUTES DIRECTORY is the fifth major department, printed on white paper.

THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the sixth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Concord and vicinity. There are more than 600 of these Directory Libraries, installed and maintained in the chief cities of the U. S. and Canada through the courtesy of members of the Association of North American Directory Publishers, under whose supervision the system is operated and of which the Hill Directory Co., is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc.,
Publishers.

CONCORD

(Courtesy Concord Chamber of Commerce)

Location

Concord, county seat of Cabarrus County, is located in the heart of the Piedmont section of North Carolina, almost midway between Washington, D. C., and Atlanta. It is only 124 miles from the State capital, Raleigh. The land surrounding Concord is gently rolling and well drained, with a plentiful water supply.

Climate

The climate in and around Concord is ideal; the average annual temperature is 62.6 degrees. Temperature ranges from 42.3 in January to 78.8 in July. Pleasant, mild weather is enjoyed for more than six months of the year—60.6 in spring; 61.9 in fall. The average winter temperature is 49.5. Naturally, there are a few extremes in weather. The elevation is 705 feet above sea level.

Downtown Street Scene in Concord

History

Concord was founded in 1793 by Scotch-Irish and German-Dutch settlers, and named Concord when the two factions settled a dispute over the location of the county seat. The first court house was built in 1796. In 1872 a new and larger court house was built, but three years later it was destroyed by fire. The present court house was built in 1875.

The first gold discovered in the U. S. was in Cabarrus County in 1799. The nugget weighed approximately 17 pounds. In 1903 a nugget was found which weighed 28 pounds, one of the largest ever found, and a replica of this nugget is in the Smithsonian Institution in Washington, D. C.

The name, Concord, has prophetic significance. The city has lived up to its name in mutual understanding and helpfulness among its citizens.

Concord's growth has been accomplished through working together, sharing together, and planning together for a better city and a better citizenship. It is a city that honors its past, that fosters civic pride in building for a better future.

Government

Concord is administered by a board of aldermen and a mayor, who are elected by the people. Every man on this board is a business man, and the city is run on a business basis. Cabarrus County is governed by a board of county commissioners, who are elected by popular vote of the citizens. The City and County government is among the best to be found anywhere.

Transportation

Concord is on the main north-south line of the Southern Railway, and also is served by the Carolina Trailways Bus Line

Community Center Swimming Pool

and the Queen City Buses. Five trucking and transfer companies operate out of Concord. City transportation is provided by a local bus line and ample taxi service. National transfer companies make daily pick-ups and deliveries in Concord. Although there is no direct air travel from here, accommodations can be obtained only 21 miles away.

Communications

The Concord Daily Tribune, published daily except Saturday, and one radio station, WEGO, operating on a frequency of 1410 k.c.'s and 1,000 watts, serve Concord.

Telephones

The Concord Telephone Co., locally-owned, serves Concord and Cabarrus County with 6,789 telephones.

Schools

There are four white elementary and one high school and one colored school in Concord, with an enrollment of 2,300 white students and 730 colored students. Evans College of Commerce and Barber-Scotia College for Colored women are located here.

Hotel and Motor Court Accommodations

The Hotel Concord has 100 rooms; the Colonial Motor Court, 40 units, and the Mayfair Motor Court, 14 units.

Churches

There are 36 churches, representing 18 denominations, in the city. Historic St. John's Lutheran Church, believed to have been founded in 1745, was one of the three mother churches of Lutheranism in North Carolina. One of the earliest Presbyterian churches was Rocky River, organized in 1751. The First Presbyterian Church and Central Methodist Church are the oldest churches of those denominations in the city. There are more than 100 churches in Cabarrus County, including one Catholic.

Cabarrus Country Club

Recreation

The City sponsors a year-around recreation program and employs a full-time recreation director, and recently built a modern recreation building. Over and above the City recreation program, there is a private golf course; a private swimming pool; a public white swimming pool; a public colored swimming pool; tennis courts; high school football at Webb Field; indoor sporting events at the Armory; the modern Community Boys' Club with a full-time staff. There are four white theatres in Concord and one for Negroes.

Banks

Three banks in Concord, all members of the Federal Reserve system, have total assets of \$41,901,882.10. There are three building and loan associations and a number of finance companies. There never has been a bank failure in Cabarrus County.

Hospital

Cabarrus Memorial Hospital is undergoing an extensive expansion program. When completed, this will be a 300-bed hospital, with the latest equipment.

Inspection Room in a Concord Textile Plant

Water Supply

The City of Concord owns the water plant and the electric distribution system, and there is an ample supply of both water and electric power. A new and modern filter plant has recently been built, and a licensed chemist is in charge of the laboratory. The filter plant has a capacity of 6,000,000 gallons per day. At the present time there are 7,355 electrical connections and 5,886 water meters. This is by no means capacity for the electric or water plant.

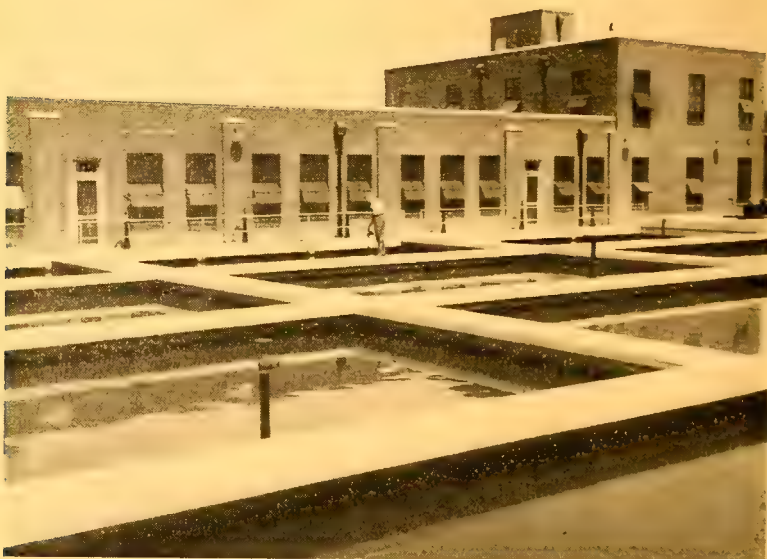

Library

The Concord Public Library, located in the Community Center Building, has a regular staff of five. In addition to the 25,687 volumes in the Concord Library, the George Washington Carver Library, for colored people, has 1,652 volumes. The Concord Library also has a film service, and a bookmobile with 1,500 volumes, which makes two complete trips each month into every part of the county.

Fire and Police Protection

The Concord Police Department, staffed with 31 policemen, radio-equipped cars and ample armaments, can answer a call within five minutes to any part of the city.

The Fire Department is equipped with five fire trucks and one hose truck. Staffed with 15 paid employees and 15 volunteers, the Fire Department is both modern and efficient.

Concord's Modern Water Filtering Plant

Industry

Concord is an industrial community with many large and small industries. The industrial payroll amounts to several million dollars a year, and Concord manufactured products are sold throughout the world. The community has advantages to offer new industry, and new industry is welcomed by the people of Concord.

Tax Rate

The tax rate for the City of Concord is \$1.32 per \$100 valuation. The tax rate for Cabarrus County is \$.90 per \$100.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

"r"— RESIDENT**"h"— HOUSEHOLDER****"r" AND "h"**

Two important symbols are used in your City Directory. The symbol "r", before an address stands for "Resident". That person resides at that address but is not the head of the family or family head. The symbol "h" stands for "Householder"—the person in whose name the home is occupied.

**HILL'S
CONCORD****Directory of Householders, Occupants of
Office Buildings and Other
Business Places,**

Including

A Complete Street and Avenue Guide**1952****Including: Brown Mill, Cannon Mill, Franklin Mill, Hartsell
Mill, Jackson Park, Shankletown, Sidestown, and Silver Hill**

Copyright, 1952, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order, followed by the named streets arranged in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denotes old numbers.

(c) denotes colored

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

12 IST — From Lincoln west 1 block, south of Fox	18 IST (Cannon Mill) — From Brown north-west 1 block, east of 2d

MR. CITIZEN!

CORRECT INFORMATION

IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

When You Want to Know:

- where a person lives.**
- what his occupation is.**
- who lives at a certain number on a street.**
- where a street is located.**
- the correct spelling of a name.**
- the officers of a corporation.**
- the partners in a firm.**
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.**
- you can quickly find the answer in the City Directory.**

CITY DIRECTORY USAGE SOARS TO

New High!

Post-war relocation of millions in their permanent homes; re-adjustment of business to normal conditions; the great new developments in civilian life just over the horizon of the future—these and other things make City Directory listing a "must" for all business people. Remember the huge upswing in City Directory usage.
